 Statement for explanation

**R/I NOTES:** See Guidance for detailed instructions. [\[link\]](#) Include the following (as applicable):

- Method(s) used to obtain R/I results, e.g.
  - Direct testing method used
  - Supplier SDS or other documentation
  - Process chemistry (Pharos CML/Quartz Database)
- If R/I investigated but no reportable R/I were identified, this must be stated
- Additional information on R/I as available; e.g. source of R/I; substance with which R/I associated]

**NO: FINISHED WITH R/I REVIEW; See "R/I NOTES"**
