

Appendix B: HPD Priority Hazard Types, HPD Open Standard 2.2

HPD Abbreviation	HPD Hazard Category	GreenScreen Hazard Category	GreenScreen Group
AQU	Aquatic Toxicity	Acute Aquatic Toxicity	Ecotoxicity
		Chronic Aquatic Toxicity	Ecotoxicity
CAN	Cancer	Carcinogenicity	Group I Human
DEV	Development	Developmental Toxicity incl. developmental neurotoxicity	Group I Human
END	Endocrine	Endocrine Activity	Group I Human
EYE	Eye	Eye Irritation/Corrosivity	Group II Human
GEN	Gene Mutation	Mutagenicity/Genotoxicity	Group I Human
LAN	Land Toxicity	Terrestrial Ecotoxicity	Ecotoxicity
MAM	Mammal	Acute Mammalian Toxicity	Group II Human
	Mammal	Systemic Toxicity/Organ Effects incl. immunotoxicity –Repeated Exposure	Group II* Human
	Mammal	Systemic Toxicity/Organ Effects-Single Exposure	Group II Human
MUL	Multiple	Used for warning lists that cover multiple hazards	
NEU	Neurotoxicity	Neurotoxicity – any exposure	Group II* Human
		Neurotoxicity – Single Exposure	Group II Human
		Neurotoxicity – Repeated Exposure	Group II* Human
PBT	PBT	Bioaccumulation	Environmental Fate
		Persistence	Environmental Fate
		PBT (Persistence, Bioaccumulation & Toxicity)	Environmental Fate - Multiple
PHY	Physical Hazard	Flammability	Physical Hazards
		Reactivity	Physical Hazards
REP	Reproductive	Reproductive Toxicity	Group I Human
RES	Respiratory	Respiratory Sensitization	Group II* Human
SKI	Skin	Skin Irritation/Corrosivity	Group II Human
		Skin Sensitization	Group II* Human
